AUTHOR INDEX

AITCHISON, J. W., OPEC policy in a changing energy market, 504–507.
AL-CHALABI, F. J., Outlook for world oil supply and price, 14–16.
ALGAR, P., Amoco intends to sell UK downstream assets, 572, 573.
ALLEN, D. C. K., Birth of the LNG industry in Australia, 604–606.
ARBATOV, A., Arctic shelf hydrocarbon resources development, 519–521.
ASLAM, M., Tripartite Marshall plan, 350–352.
ATKINSON, L., Implications of the new supply map for refining, 30–32.
BACCHUS, A. G., Green euphoria—time someone spoke up for the little people, 428, 429.
BALL, J., LNG shakes off the sleepy decade, 546–550.
BENTHAM, R. W., Centre for petroleum and mineral law studies at the University of Dundee, 153.
BERWICK, I., Unleaded petrol advances through Europe, 335, 336, 338.
BIGGINS, I., New-generation construction for the North Sea, 463–465.
BIJUR, P., We want a company that is known for excellence, 594–597.
BLAND, J. D. T., Tariffing of North Sea assets, 295, 296, 298, 299, 301.
BOTTOMLEY, V., Oil industry must help protect the environment, 620.
BOWEN, P., Polytechnic freedom—what's in it for managers?, 478.
BOYD, H., Onshore oil industry is changing its structure as majors face time pressure, 534–537.
BRENCKLE, W., Building for the cleaner fuels market of the mid-1990s, 569–570.
BRITTAN, A. E. M., Retail is our shop window, 332–333.
BROUWER, J., Environment costs in storage will be passed on, 167–169.
BRION, A., Oil—a risk business, 189–191.
BUCHAN, J., First driver-controlled delivery systems, 115.
BUTCHER, A. G., Measurement at the loading gantry, 84–89.
CLEGG, M. W., Natural gas—the longer-term perspective, 608–610.
CUNNINGHAM, S., Trading standards viewpoint of oil loss control, 80–82.
COUSE, J., Issues in the Spanish energy sector, 279–282.
DANESHKHU, S., Middle-East strategy to 2002, 628, 629.
DANESHKHU, S., Optimism at Offshore Europe '89, 490–492; 494, 495.
DANESHKHU, S., Recovery in Iran's oil and gas industry, 566–568.
DAVIES, T. A., Tightening octane situation in western Europe, 244–246.
DE JONG, P. W. H., Start of the Rotterdam energy futures exchange, 558, 559.
DE LATOUR, P., Tripartite Marshall plan, 350–352.
ELLUL, I. R., Advances in pipeline leak detection, 582–585.
ESPINASA, R., Dynamics of petroleum price formation, 444–448.
FALCKENBERG, H., Aviation fuelling hoses and couplings—safety issues, 625, 626.
FJELDSTAD, A., New technologies and natural gas in the Middle-East, 629, 630.
FORSTER, A., Oil industry looks forward, 179, 180, 182.
GIFFORD, L., Concrete solution for marginal fields, 459–463.
GILES, C., Integrated control systems for product pipelines, 554–556.
GOLDMAN, D., Changes in US unleaded gasoline lead to market uncertainty, 431–433.
GRAY, D., North Sea outlook and its sensitivity to price, 34–37.
GRAYLING, P., Micro-based intelligence—the heart of modern petrol retailing, 137, 138.
HARTLEY, N., Oil shipping is leaving the doldrums, 10–12.
HASTIE, J., Bitumen shares in UK roads expansion, 370–373.
HEAL, D. W., OPEC policy in a changing energy market, 504–507.
HOUGHTON, R. W., Unleaded gasoline—a refiner's view of the future, 344–347.
HUDSON, G. E., Benefits of the new retail distribution software systems, 434, 435.
HUNT, P. A., Economic impact of environmental legislation on European refining, 302–305.
IWASAKI, H., Tokyo looks at the 1990s, 234–236.
JACK, A., Oil moves by rail, 560–562.
JENKINS, G., Membrane alternative—energy implications for industry, 353–357.
JENNINGS, J., Silver Jubilee of the North Sea, 116–119.
JORDAN, R., Medium term outlook for oil supply and demand outside the OECD, 26–29.
KELLAWAY, R., Independent storage company's view of oil loss control, 82, 83.
KHARTUKOV, E. M., World oil market—structural changes and price swings, 275–277.
KONOPLYANIK, A., Future possible role of the Arctic and other severe seas in the USSR offshore petroleum development, 521–524.

ZAJDELA, M., Superstores penetrate motor fuel retailing, 436–438.

SUBJECT INDEX

Amoco:
Co-operation with Poland, 426.
Digital well log database read and indexed, 366.
Gas discovery, 164.
Nelson field joint agreement, 543.
Offshore Peoples Republic of Congo, 592.
Permits for C.S., 489.
Shell/Esso swap North Sea assets with Amoco, 543.
To sell UK downstream assets, 572, 573.
Analysis:
Annual survey average lead and sulphur contents of petroleum product delivered to UK market, 289.
Trace analysis — automatic analyser, 307.
X-ray analyser, 208.
Arctic:
Arctic resources and their development, 527, 528, 530.
Environmental problems of oil and gas development, 524, 526.
Norwegian approaches to Arctic developments, 530, 531.
Potential resources development, 519–521.
Role of the Arctic in USSR offshore petroleum development, 521–523.
Arstralia:
LNG activity, 414.
LNG industry, 604–606.
LNG exports, 424.
Aviation Fuel:
Hoses and coupling, 625, 626.
Hydrant refuelling, 622, 623, 625.
Modern handling practice — multi-aircraft ramps, 621, 622.
Bitumen:
Upturn due to UK road expansion, 370–373.
Books Reviewed:
Blowout, 508.
BP statistical review of world energy — 1989 edition, 349, 350.
Bulk ports and terminals to 1995, 360.
Conflict in the gulf, 46.
Developments in industrial flow measurement, 92, 361.
Drilling wastes, 469.
Dynamics of offshore structures, 468.
Ecological impacts of the oil industry, 361.
El petroleo en Espana, 468.
Energy policy implications of the greenhouse effect, 361.
Environmental handbook, 469.
Environmenal management practices in oil refineries and terminals, 360.
European energy outlook to year 2010, 468.
Field guide to application of dispersants to oil spills, 361.
Financial survey company directory, 469.
Finding oil and gas from well logs, 360.
Forecast tanker profitability, 360.
Fundamentals of gas reservoir engineering, 46.
Gasoline and diesel fuel additives, 469.
Greenhouse effect — issues for policymakers, 92.
Guidance to owners of demolition of vertical, cylindrical, steel storage tanks, 360.
Handbook of fluid flow metering, 46.
Illustrated glossary of petroleum geochemistry, 469.
International safety guide for oil tankers and terminals, 46.
Ice interaction with offshore structures, 361.
India energy, 508.
Iran 1985–1988, 46.
Iraq 1985–1988, 92.
Jet kerosine trading and the oil futures markets, 361.
Mathematics in oil production, 92.
Natural gas in Europe — markets, organisation and politics, 468.
New Zealand's energy predicament, 92.
North Sea oil and gas directory, 468.
Oil and gas prospecting, 361.
Oil economists handbook, 468.
OPEC — twenty-five years of prices and politics, 198.
Passive solar energy in buildings, 361.
Petroanalysis '87 — developments in analytical chemistry in the petroleum industry, 46.
Petroleum resources and development — economic, legal and policy issues for developing countries, 468.
Pictorial history of diving, 92.
Polymer flooding, 360.
Register of offshore units, submersibles and diving systems, 92.
Satellite field development, 92, 361.
Scottish petroleum annual, 468.
Second oil loss control conference, 46.
Separation of gases, 361.
Single European market in energy, 508.
Soils contaminated by petroleum — environmental and public health effects, 361.
Solvents — a guide to safe handling, 46.
Standard methods for analysis and testing of petroleum and related products 1989, 360.
Thermal methods of oil recovery, 46.
Thermal methods of petroleum production, 469.
Trends in motor vehicle emission and fuel consumption regulations — 1989 update, 469.
UK materials information sources 1989, 92.
UK North Sea Southern Basin fiscal system, 92.
World energy directory, 360.
World energy outlook — through 2000, 469.

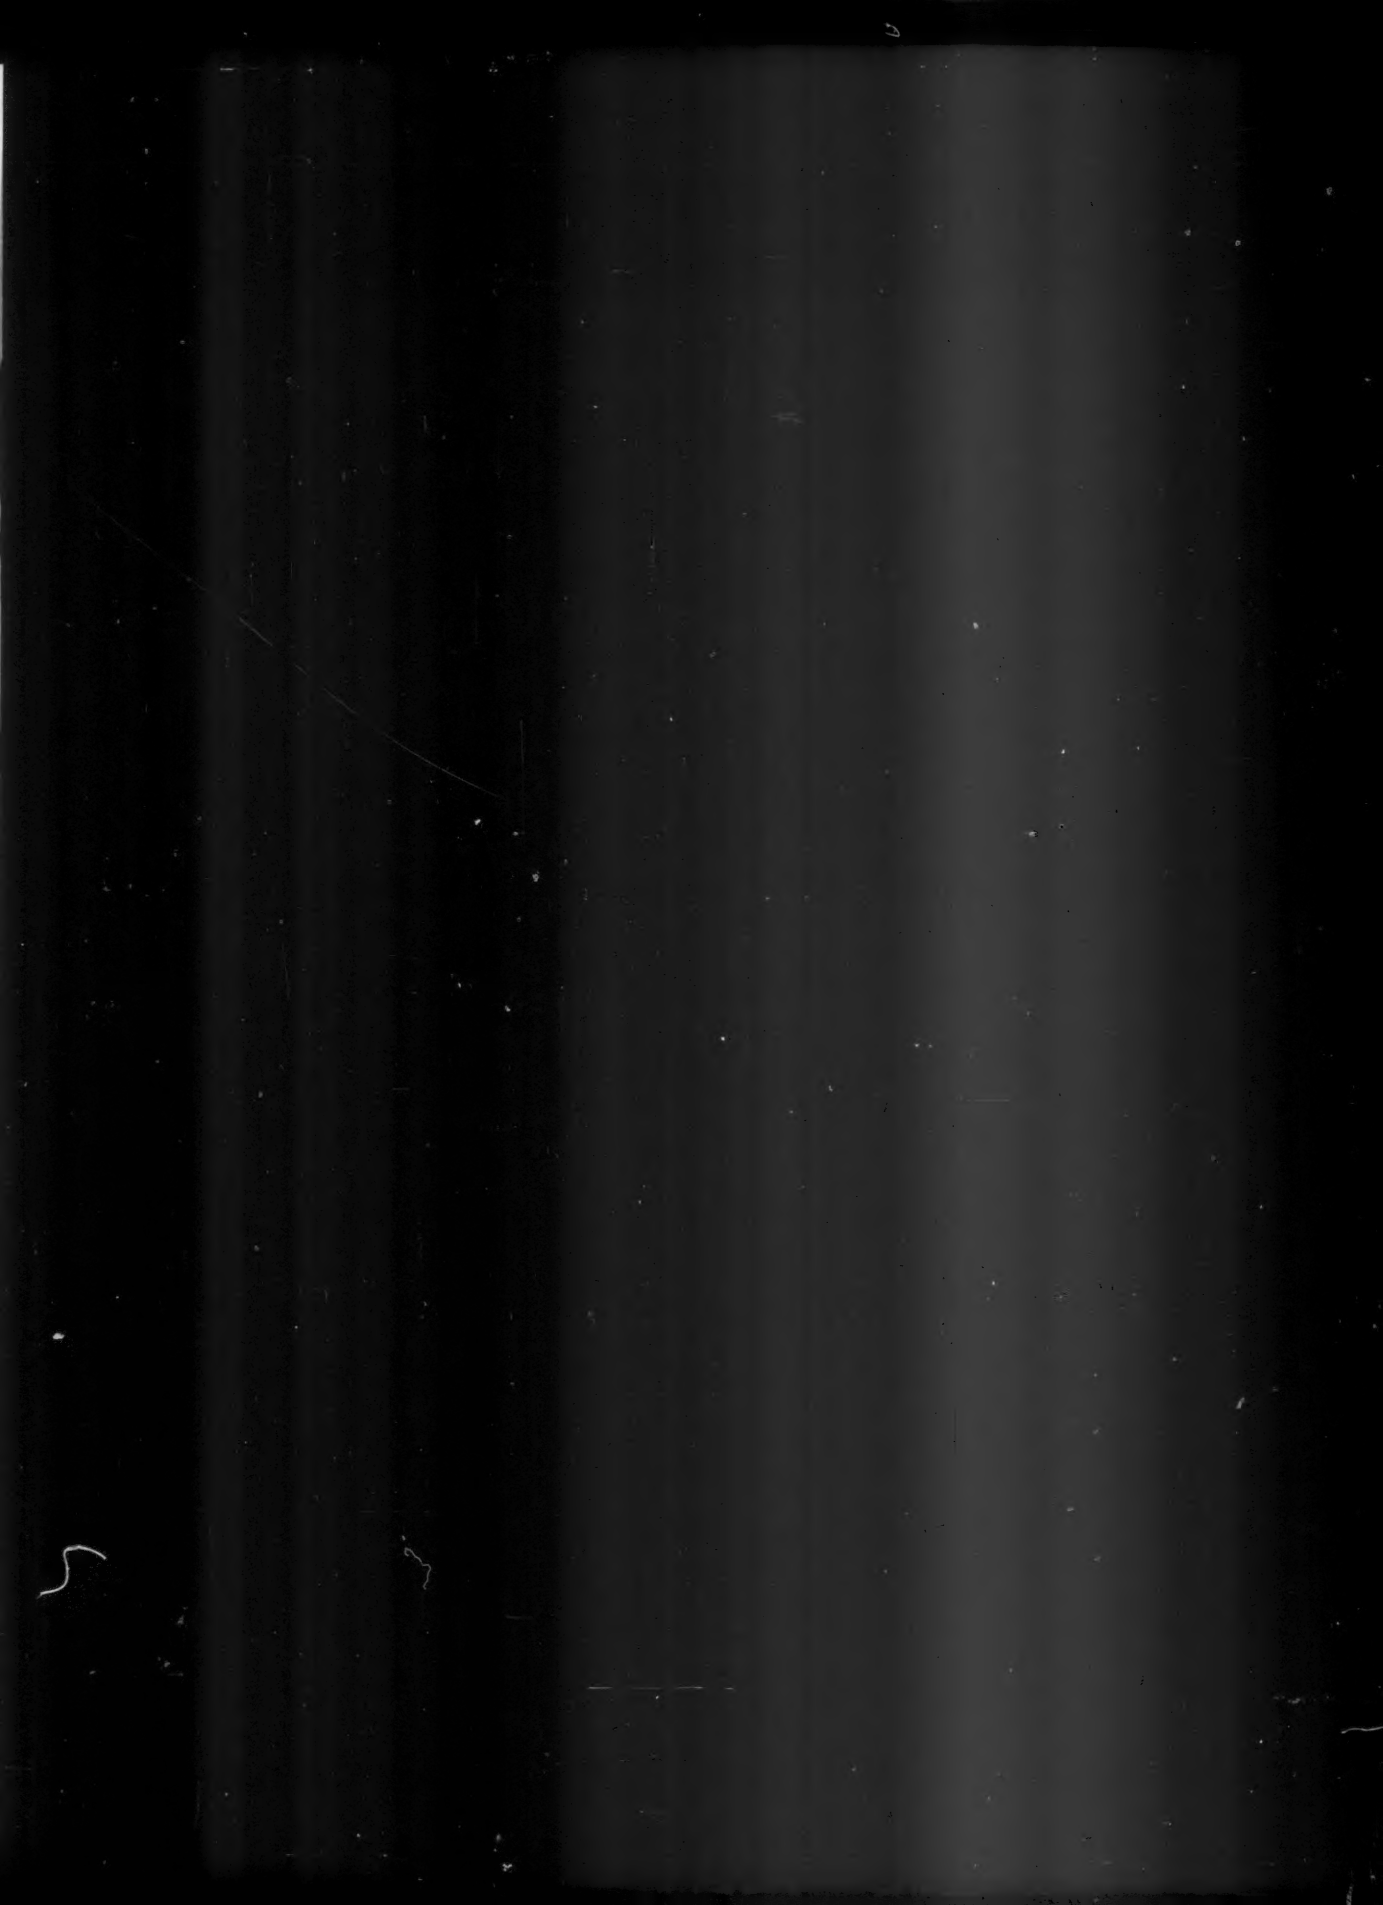
Stanlow, 48, 96, 159, 212, 482, 539, 586, 638.
West of Scotland, 48, 96, 159, 482, 539, 586, 638.
Yorkshire, 48, 68–70; 96, 159, 263, 482, 539, 586, 638.
Institute of Petroleum Publications:
Code of Practice on handling offshore drilling mud constituents, 315.
Instruments:
Automatic analyser for traces, 307.
Detector to distinguish gas from water pipes, 578.
Dry refractometer, 258.
Digital pressure gauges and calibrators, 45.
Echo sounder — multibeam, 258.
Gas leak instrument, 44.
Infra red detector, 260.
Personal gas detectors, 206.
Pressure controller/calibrator, 308.
Pulsation dampener, 580.
Seismic generator, 580.
Iran:
Recovery in oil and gas industry, 566–568.
Ireland:
Government clash with oil majors over pricing, 218.
Japan:
Australian LNG imports, 424.
Kinki pipeline, 414.
Outlook in the 1990s, 234–236.
Kuwait:
New improved diesel available from Q8 stations, 321.
Q8 'conversion crew' launch, 489.
Retailing policy of Q8, 428, 429.
LPG & LNG:
Australian activity, 414, 604–606.
Australian exports to Japan, 424.
Review, 546–550.
Lubricants:
Lube oil containers, 147.
Motor engine oils, 39–43.
Maintenance:
Portable boring machine, 45.
ROVs, 208.
Measurement:
Calibration instrument, 258.
Loading gantry measurement, 84–89.
Oil loss control, 80–89; 154–156; 409–412.
Petroleum measurement tables — API-ASTM-IP, 449–451.
'Smart' coriolis flow sensors, 148.
Subsea three-phase meter, 208.
Meters:
Gas testing rig, 148.
Subsea three-phase meter, 208.
Middle East:
Natural gas development, 629, 630.
Strategy to 2002, 628, 629.
Mobil:
Camelot gas sales, 542.
Hydrocarbon research, 152.
Islamic art book sponsored, 239.
New automated warehouse, 515.
Pegasus forecourt dispensing equipment, 146.
Research project funding, 269.
Strategy to 2001, 78.
Natural Gas:
Competitive economics of natural gas applications, 611–613.
Floating methanol plant, 218.
Long-term perspective, 608–610.
Middle East development, 629, 630.
NYMEX gas future trading, 592.
Substitute made from coal, 413.
Training, 633.
Trends in world gas trade, 607–613; 617–619.
USSR — future of natural gas supply, 617–619.
North Sea:
Fiscal regime, 8.
Licensing — 11th round, 108.
Piper Alpha compensation agreement, 7.
Royalties abolished in Southern Basin of North Sea, 8.
North Sea Fields:
Argyll, 635.
Bruce, 488.
Camelot, 542.
Central Brae, 543.
Claymore, 426.
Emerald, 108.
Gannet, 367.
Ivanhoe, 426.
Kittiwake, 471.
Magnus, 8.
Nelson, 543.
Piper, 218, 321, 367.
Rob Roy, 426.
Scapa, 426.
Tartan, 108.
North Sea UK Waters:
Brent shutdown, 217.
Next 25 years, 326–329.
Piper platform abandonment approval, 53.
Price sensitivity impact, 34–37.
Silver Jubilee of first UK licensing round, 116–119.
Tariffing North Sea assets, 295–301.
UKCS reserves, 34–37.
Norway:
Arctic developments, 530, 531.
Petroleum policy, 65–67.
Occidental:
Claymore and Scapa resume production, 426.
East Piper confirms find, 321.
Ivanhoe/Rob Roy on stream, 426.
Joint Soviet pvc plant, 488.
Piper Alpha cleared, 218.
Piper field redevelopment, 367.
Syria exploration started, 8.
Offshore Technology:
Airflo ventilator, 472.
Amerada Hess AH001 production facility, 269.
Concrete platform design, 459–462.
Dredger, 636.
Earmuff designs, 45.
European subsea test centre planned, 358.
Explosion-proof equipment, 471.
Fibre optics, 147.
Floating gas plant, 218.
Fluidic choke valves, 146.
High-speed data transfer, 471.
Horizontal well completion, 542.
Hydra-Lok pile/sleeve connection system, 358.
Hydraulic rig clamping system, 206.
International drilling and downhole technology centre, Aberdeen, 516.
Jolliet deepwater platform, 258.
Loudspeakers, 472.
Membrane developments, 353–357.
New-generation construction, 463–465.
Nitrogen generator, 148.
NUFO remotely operated vehicle system, 516.
Offshore Europe '89 — brief preview, 389.
Offshore Europe '89 — review, 490–495.
Oil cable ladder, 208.
Pressure transducers for subsea separation pilot unit, 206.
Queen's Award, 358.
Reinforced fibre for decking, handrails, walkways, 309.
Reverse osmosis desalination plant, 309.
Seabed penetration, 148.
Sea Urchin platform design, 579.
Selantic escape system, 471.
Shutdown equipment, 471.
Subsea antifouling, 44.
Subsea separator, 414.
Subsea technology aids marginal fields, 200, 202, 204.
Subsea technology review, 496–503.
Subsea three-phase meter, 208.
Subsea wellhead protection system, 44.
Subtech '89 preview, 576, 577.
SWOPS system, 307.
TRAMROD seabed dredge, 260.
Underwater tool, 148.
Underwater vision study, 45.
Vortoil hydrocyclone separation, 515.
Onshore UK:
Review of onshore industry, 534–537.
Opec:
Iraq to toe the line, 7.
Need for sustained volume growth, 8.
Policy in changing energy market, 504–507.
Quota rise, 321, 543.
Role in world oil security, 223, 224.
Twenty-five years of prices and politics, 198.
Personnel:
Personnel movements, 38, 90, 157, 197, 261, 293, 343, 418, 474, 510, 581, 637.
Petrochemicals:
EEC imposition of duty on Saudi petrochemicals, 53.
Occidental joint Soviet pvc plant, 488.
Petrofina:
Acquisition of Lanstar Bitumen Ltd, 426.
FINALINE — Immingham to Hertfordshire pipeline, 552, 553.
Pierre Jungels returns to headquarters in Brussels, 419.
Phillips:
Arbitration award for Iran subsidiary, 367.
Ethylene plant at Sweeny, Texas, 269.

Organisational changes in chemicals and plastics sections, 217.
Substantial turn-around, 60–64.
Pipes and Pipelines:
Agas gains access to British Gas pipeline, 268.
Amethyst field pipeline, 53.
Brent pipeline explosion, 217.
Gas pipe inspection, 208.
German gas pipeline, 593.
Integrated control systems, 554–556.
Intelligent pigging, 557.
Kinki trunk line, 414.
Leak detection, 582–586.
Lloyd's rules used in Egypt, 542.
Non-weld pipe coupling, 147.
Petrofina — Immingham to Hertfordshire pipeline, 552, 553.
Pit trap system, 578.
Tape for external usage, 258.
Tay — transportable machining centre, 635.
Turnkey pipeline telecommunications, 578.
Vancouver Island pipeline, 543.
Zeepipe pipeline route, 578.
Pollution:
Automotive catalysts, 517.
EEC curbs, 367.
Exxon Valdez oil spill, 217.
Oil spill containment and clean-up systems, 206.
Production:
Oil supply and demand outside OECD, 26–29.
Surfactants, 45.
Tartan resumes production, 108.
Pumps:
Injection pump, 635.
Sealless pump — maintenance-free, 636.
Refineries:
Antwerp refinery, 569, 570.
Aruba refinery, 592.
Bitumen upturn, 370–373.
BP/Texaco joint refinery venture, 321.
Continuous regeneration reformer, 569, 570.
Economic impact of environmental legislation, 302–305.
Electric desalting, 252–254; 256, 257.
Ethylene plant at Sweeny, Texas, 269.
Heavy-oil cracker, 258.
HelioJET hot water delivery system, 307.
Implications of new supply map, 30–32.
Information technology applications, 383–385.
Lindsey refinery, 358.
Naphtha catalytic cracker, 569, 570.
1992 issues, 192–194.
Novokujbyshevsk refinery, 307.
Restructuring — next phase, 173, 174, 176.
Selective permeation for hydrogenated gas streams, 472.
Sriracha refinery, Thailand, 516.
Strategies for rising fuel oil surplus, 225, 226.
Suncor refinery, 258.
Terneuzen — Holland, 574, 575.
Tightening octane situation, 244–246.
Unleaded gasoline — a refiner's view, 344–347.
Zeolite-based cracking catalysts, 574, 575.
Retailing:
Annual survey, 126–136.
Automatic fuel vending — credit cards for East Sussex C.C., 146.
Availability of unleaded — survey, 126.
BP Unleaded SuperGreen — implications, 440–443.
Budget incentives for unleaded, 164.
Driver-controlled delivery systems, 115.
EFTPOS enhancement, 44
Ferranti Autocount 8000 series, 147.
Forecourt dispensing equipment, 146, 147.
Forecourt equipment, 283, 285; 323–325.
Forecourt marketing, 283, 285; 323–325.
Forecourt marketing and equipment show, 323–325.
Forecourt sign war, 454, 455, 578.
Forecourts — prefabricated shops, 124.
Four-star unleaded, 166.
INFOBOT customer service, 146.
Market survey, 139–145.
Market uncertainties due to changes in US unleaded, 431–433.
Micro-based point of sale, 137, 138.
New improved diesel available from Q8, 321.
Olivetti cash register, 146.
Optimization of network, 331–338.
Petroleum price formation, 444–448.
Petrol service stations, 120–122; 123, 227, 229, 230.
Petrol station development and operation, 227, 229, 230.
Q8 'conversion launch', 489.
Site location of petrol stations, 123.
Superstores penetration, 436–438.
Suppliers of petrol to UK retail market, 132, 134–136.
Thames Petroleum Co, 321.
Unleaded, 7, 106, 126, 146, 164, 166; 290–292; 335–338; 344–347; 428, 429; 431–433; 440–443; 489.
Volvo rubber seal to prevent vapour escape, 320.
Safety:
Award for Foster Wheeler Energy Ltd, 413.
Code of Practice on handling of offshore drilling mud constituents, 315.
COSHH (Control of substances hazardous to health) legislation, 378–380.
Diving code, 514.
Noise legislation pending, 320.
North Sea industry, 593.
Safety issues of aviation fuelling hose and couplings, 625, 626.
Selantic escape system, 471.
Saudi Arabia:
Petrochemical duty imposition by EEC, 53.
Saudi/Texaco joint venture, 8.
Shell:
Award Scheme sponsorship for museums year, 320.
BAFTA-Shell UK arts venture, 184.
Nelson field joint agreement, 543.
Nine offshore contracts awarded, 164.
Shell/Esso joint venture, 471.
Shell/Esso swap North Sea assets with Amoco, 543.
Spain
Energy policy objectives, 279–282.
Petroleum industry — review, 219, 220.
Repsol, 219, 220.
Standards:
API-ASTM-IP petroleum measurement tables, 449–451.
Diving Code, 515.
Lloyd's rules used in Egypt, 542.
Pensky Martens flash point method redrafting, 159.
Steel plug valves, 309.
US-European specification conflict, 310–312.
Storage:
Bulk storage quality, 413.
Diagnosis and treatment service of stored diesel, 208.
Double skin steel tanks, 635.
Environmental costs to be passed on, 167–170.
Fuel dispensing modules, 359.
Independent storage survey, 391–407.
Microbiological contamination, 240–242.
Unitank expansion into Bristol, 542.
Tankers:
Crude oil losses from ocean tankers, 409–412.
Oil shipping upturn, 10–12.
Tank Vehicles:
BP road tankers prepare for future with Lowmax, 322.
Driver-controlled delivery systems, 115.
Fleet truck of the year, 367.
Microbiological contamination, 240–242.
Small-size tanker, 210.
Truckstops network, 107.
Terminals:
Hamble terminal, 532, 533.
Texaco:
BP/Texaco joint refinery venture, 321.
Debt issues redeemed, 366.
Initiative in unleaded race, 146.
Restructuring, 107.
Review — management philosophy, 594–597.
Saudi/Texaco joint venture, 8.
Subsea three-phase meter in Tartan complex, 208.
Tartan complex resumes production, 108.
Training:
Alternative tertiary education — survey, 632.
Career prospects in the oil industry, 313.
Central training register, 479.
Centre for Petroleum and Mineral Law Studies, Dundee, 153.
Earth science educational forum, 632.
Employment for the 1990s, 152.
Higher education participation, 633.
Middle East-based hydrocarbon research, 152.
Natural gas engineering and management, 633.
Polytechnic freedom — review, 478.
Storage, handling and transportation of dangerous substances, MSC course, 314.
Teacher secondment into industry, 479.
Transportation:
Oil moves by rail, 560–562.
USSR:
East-West trade, 4–6.
INTERSHELF joint venture, 269.
Natural gas supply future, 617–619.
Oil resources, 4–6.
Role of the Arctic and other severe seas in offshore petroleum development, 521–523.
Soviet–British joint venture, 269.
Swedish plant for USSR refinery, 307.
Valves:
Leak-proof valve, 45.
Venezuela:
Oil industry appraisal, 270–273.
Petroleos de Venezuela, 270–273.


Printed by Eyre & Spottiswoode Limited, London and Margate
